Overview of Law

This law has no impact on any other properties, it is solely a rezoning of the parcel located between First Place Auto and the Port Ewen Diner. A full presentation of the project had been given at a prior meeting. There will be a total of 17 units housed within 2 buildings including office space and multifamily apartments, the other building will be town homes. Outdoor patios, a small pocket park and 2 charging stations are some of the amenities the project will include. After this law is approved, it will go to the Planning Board for site plan approval. The law establishes the rezoning of the property. If there are significant changes to the design that had been presented, they will need to come back before the Town Board.
